

FOUR POSTER No. 1 - QUEEN

The classic stance of a four post bed pairs with O&G's impeccable eye for detail, proportion and our full range of finish options. Each post is turned from a single, solid piece of lumber and the entire bed is fastened by hefty bed bolts. Each bolt head is hidden behind custom bronze bolt covers. Designed to be used with a standard box spring foundation. Note: the King Size bed includes cross supports with central feet which are not pictured)
