

1760 - BOWBACK SIDE

The 1760 Bowback Side Chair is considered a classic icon of American Windsor chair design. This chair features an elegant and airy frame, highlighted by a steam-bent bow, bold turnings, and a deeply carved seat. This original design has served as an inspiration for O&G modern windsor chairs. Classically styled, beautifully made and available in our full range of stain finishes on ash or maple, the 1760 brings classic style and O&G finish to both modern and traditional spaces.

Shown: Lichen Stain on Ash
